Grain Merchants Urge Return to Public Market.

Food Administration Winding up its Affairs.

Millers Assured Flour Prices will be Maintained.

CHICAGO, Jan. 29.—Organized opposition to the plan of the Federal Food Administration for the government to buy and sell the 1918 and 1919 wheat crop was put under way in Chicago today under auspices of leaders of the Board of Trade.

A meeting of officers and directors of the Board of Trade and leading grain merchants was held this afternoon, and it was decided to send a memorandum to Washington urging Congress to refuse to adopt the administration's wheat policy.

The Board of Trade men will demand that the government return to bulk all contracts in the control of grain and confine itself to making good to the farmers its guarantee of \$2.25 a bushel for wheat in Chicago.

FOOD BOARD NEAR END.

WASHINGTON, Jan. 29.—The Food Administration will have no part in carrying out the government's guarantee price for the 1918 and 1919 wheat crop and very probably will have no part in carrying out this year's crop if it is harvested, said a statement tonight by W. A. Glasgow, Jr., its legal counsel.

Mr. Glasgow was replying to contentions by some members of the Senate that the bill sent to the Senate and House yesterday, appropriating a billion and a quarter dollars to carry out the wheat price guarantee, was an omnibus bill designed to continue the Food Administration in operation.

Declaring the Food Administration will be dissolved as rapidly as its duties to the public permit, Mr. Glasgow said the wheat guarantee bill does not involve perpetuation of any powers to the Food Administration, and that no such view was contemplated.

HOLDS UP WHEAT PRICE.

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 29.—Julius Barnes, president of the Food Administration Grain Corporation, assured flour dealers and millers in a statement this morning that there would be no impairment during the present crop year of flour prices, dependent upon the guaranteed price basis.

He said the corporation had no intention of reselling the standard buying price of the stocks of wheat it had.

Mr. Barnes, who returned yesterday after two months abroad in the party of Federal Food Administrator Hoover, said that reports had reached him of an apprehension on the part of millers, flour dealers and bakers that the government might recall the wheat taken from the grower under the guaranteed price basis.

The wheat is being held at a lower price level, thus resulting in a decline in flour prices.

WORLD PRICE LOWER.

The basic on which this feeling existed, said Mr. Barnes, seemed to be an impression that the world price level of wheat as it is present ruling was below the guaranteed price basis effective in America.

Broadly speaking, he added, this was not true. World buyers, privy to the secret cheap wheat coming to America to purchase wheat and wheat flour, because ocean transportation and other conditions considered, the American price was still not attainable even then than the rates in the Argentine and Australian markets.

Contrary to the general impression, Mr. Barnes stated, care surveys of the probable demand which would fall upon the United States during the balance of the crop year—from Allied countries, from neutrals, from newly liberalized powers and possibly from an imperative necessity for some food provisioning of Germany in the interest of maintaining a stable government for our own protection—indicated an exhaustion of the 1918 crop surplus.

Under these conditions, the grain administrator said, it would be the height of folly to dispose of the American surplus at a loss to the national treasury.

HOME LOOKS GOOD: TWO SWIM ASHORE.

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 29.—Home soil looked so good to two army officers, whose transport, the *Scranton*, was forced, through having explosives aboard, to anchor in the lower harbor today, that they jumped overboard and started swimming toward the Brooklyn shore. 200 yards away. They were picked up by a small boat and on being landed disappeared.

Debarcation headquarters identified the men as First Lieutenant H. L. Bourgault of New York, an aviator, and R. S. Rose, a Signal Corps officer, whose address was not available.

(BY A. P. NIGHT WIRE)

NEW YORK (W. Va.) Jan. 29.—Three transports, the *Zelanda*, *Martha Washington* and *Monticello*, bringing troops from overseas, reached Hampton Roads today. The *Zelanda* had 150 officers and men, but the *Martha Washington* and *Monticello* arrived too late to dock. The *Monticello*, which had several days behind schedule, was delayed by the weather.Among passengers on the *Martha Washington* are Maj.-Gen. Edwin F. Glenn, who commanded the Eighty-third Division, Brig.-Gen. Harry M. MacLean, Brig.-Gen. Joseph C. O'Neil, Col. T. H. Roosevelt, and Mary Roberts Rinehart, who was a war correspondent. The transport also has aboard six naval officers, thirty-four blues, 170 sailors, 17 sick and wounded and six general court-martial prisoners.

Challenged by Senator Kenyon, Mr. Roosevelt said the statement regarding labor conditions were "startling and unjustified." The hearings were a sequel to the council's warning against occupation of territory by force, and the delegates of the two countries were confronted by a scathing rebuke to the Associated Press.

SURPLUS OF LABOR.

Early action on legislation to adjust war contract controversies was urged today by the Department of War in a statement showing that the labor market in many industrial centers had increased rapidly in the last ten days.

Plants heretofore engaged in war work were not to be changed into war production units, and enough to hold their proper portion of labor. The cancelling of war contracts with no provision for an early financial adjustment of the manufacturers, machinery and partially completed products, was blamed for plunging some concerns into a state of stagnation, with no certainty as to their working capital.

The Department of Labor's investigation of ways and means to stimulate building and improvement and augment the absorption of labor in war industries has disclosed these two important ways of getting results. The statement says:

"I—Legislation enabling the country to use national estate mortgages for collateral in a system of Federal home loan banks.

"2—Legislation to authorize immediate adjustment and payment by the government of reasonable claims growing out of the summary rescinding of war contracts.

The former would permit home builders to avail themselves of at least \$2,000,000,000 in loans; the latter would be a practical immediate capital of manufacturing."

The statement added that a proposed law on the first recommendation soon would be introduced in Congress. Legislation on the latter now is pending.

CHICAGO PLANS WORK.

(EXCLUSIVE DISPATCH)

CHICAGO, Jan. 29.—The City Council at a special meeting today attended by representatives of the Chicago Federation of Labor, State Roads and county and State administrators, ordered the naming of a citizens' committee to frame a practical plan for public improvement work and a method of finding assistance in connection with homes of sailors and soldiers. The committee will visit Washington to urge Congress the necessity of immediate action by the Federal government to meet the unemployment situation.

RECOGNITION GIVEN POLISH GOVERNMENT.

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 29.—In an opinion rendered today, the Judge Advocate-General of the army held that the military attaches to the Polish mission might facilitate the marriage by proxy of soldiers abroad to their sweethearts in the United States where such marriages did not contravene State statutes. A previous opinion had disapproved such marriages.

The Judge Advocate-General, declaring such contracts permissible, says the best form in such cases was a single contract signed by both parties.

SWIFT DENIES MEAT COMBINE. COTTON BEATEN

Competition Among Packers is Asserted by Head.

Cudahy and Wilson Plead for Fewer Laws to Obey.

Declare Federal Control will Lower Efficiency.

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 29.—While Louis V. Swift, president of Swift & Co., was being cross-examined today before the Senate Agriculture Committee as to whether the big packers had combined to control meat prices and markets, Edward A. Cudahy, president of the Cudahy Packing Company, and E. W. Wilson, president of Wilson and Company, told the House Interstate Commerce Committee, pending legislation to regulate the packing industry, was unnecessary.

Both Mr. Cudahy and Mr. Wilson said the investigation of the industry by the Federal Trade Commission was unnecessary, and that it should not be used as the basis of Congressional action. They declared if a complete and impartial investigation had been made, the commission would have made the same unable to "get rid of it."

Mr. Wilson said he did not criticize the investigators, because they probably were sincere, but added in a statement, "with a sense of responsibility, regarding the results we were unable to 'get rid of it.'

FAVOR PUBLICITY.

Mr. Cudahy declared the packers would favor "complete and better publicity of the facts" and add it would be coupled with friendlier cooperation, "far better results would be attained than by more legislation."

Both presidents declared the high office of the Senate Agriculture Committee would be destroyed if controlled or regulated by the government. They said individual initiative and expenditure was essential to the success of the investigation.

Francis J. Heney, chief counsel for the Trade Commission, again conducted the cross-questioning of Mr. Swift today before the Senate committee. He inquired into specific transactions in Swift stocks and alleged attempts of the big packing concerns to control prices and markets.

LETTERS ARE READ.

Mr. Heney produced a number of letters from both his office and those of other packing companies regarding prices and other matters, and said Mr. Swift to place his own interests above those of the government.

The witness said the fact that the letters had been exchanged was evidence there was competition between the companies.

"We want to prevent whatever competition there might have been," said Mr. Heney.

"I don't think so," Mr. Swift replied.

"You know salaried resort to some sort of practices to fool the other fellow."

In one of the letters read by Mr. Heney a representative of Swift & Co. warned against the "big concern" stonning its efforts to keep meat in Fresno, Cal. Swift & Co. would enter the Los Angeles market.

"Wasn't that a threat to keep Wilson out of Fresno and driven him from entering?" Mr. Heney asked.

"It simply means the two companies are competing," replied Mr. Swift.

ENGLISH ASSOCIATION HONORS J. P. MORGAN.

(BY ATLANTIC CABLE AND A. P. NIGHT WIRE)

London, Jan. 29.—In recognition of his services to the Allies, J. P. Morgan today was granted the honorary freedom and livery of the Goldsmiths' Company. He is the first American and the first banker since 1795 to be so honored. King George and Foreign Secretary Balfour were the only other honorary freemen of the present.

Many traditions of the company's 600 years of existence were carried out in the ceremonies in the imposing Goldsmiths' hall when Mr. Morgan was presented the robes of a master of the company. The robes were made by the Royal Tailor, Lord Reading, British Ambassador to the United States, and Austin Chamberlain, Chancellor of the exchequer. Lord Reading laid emphasis on the fact that all the gold and silver in the Royal Mint, worth £100,000, had been sent to England in 1915.

The Goldsmiths' Company, which is semi-official in that its hall is the home of the Royal Mint, had its robes made as a guild of gold and silver craftsmen. It has grown into an organization of the most influential financiers, although never losing its identification with the gold and silver trade.

AVIATION PLANS CALL FOR 1000
MACHINES, 2000 OFFICERS,
22,000 MEN

BY A. P. NIGHT WIRE
WASHINGTON, Jan. 29.—Without
a dissenting vote the House to-
night passed the emergency Defen-
sive Bill with a rider repealing ap-
propriations of \$7,179,156,900 and au-
thorizations of \$22,029,290, made during the war for the Army
and Navy departments.

The House adopted an amend-
ment by Representative Dyer of
Missouri, Republican, prohibiting
expenditure of only part of the
deficiency appropriation of \$22,000
until all former government
employees in military service are
restored to their old positions in
the various departments.

Representative Sherley of Ken-

SMOKING INCREASED
IN OVERSEAS FORCE

BY A. P. NIGHT WIRE
WASHINGTON, Jan. 29.—Tobacco
"seems to be established as a
necessity in the soldier's life, 95 per
cent of the members of the Ameri-
can Expeditionary Forces using it in
some form," the War Department
reports.

"It is a part of the regular daily
ration, but the quantity allowed is
not sufficient for the average tobacco-
eater user."

However, every soldier may buy
at the canteens cigars, cigarettes
and smoking tobacco in unlimited
quantities, and at prices consider-
ably lower than they are sold in
the United States.

Smoking has increased in our
army overseas since the signing of
the armistice. The average monthly
purchases by the substation division
of the War Department are 20,000,000
cigars for overseas shipment. About 2,000,000,000
cigarettes were sent to France prior to
the signing of the armistice. The
present rate of shipment is much in-
creased.

Barber Gives Recipe
For Gray Hair

Mr. A. E. O'Brien, who has been
a barber in New York City for many
years, made the following state-
ment: "Gray, streaked or faded hair
can be immediately made black,
brown or light brown, whichever
shade you desire, by the use of the
following remedy that you can make
at home:

"Merely get a box of Orlay
powder at any drug store. It costs
very little and no extra cost to buy.
Take one and a half oz. of distilled
rain water and rub it through the
hair. Directions for mixing and use
and a gold bond guarantee come in
each box. One box will last you for
months."

"It is perfectly safe, it does not
rub off, is not sticky or gummy and
leaves the hair fluffy. It will make a
gray-haired person look twenty
years younger."

YOUR HUSBANDDEMOCRATS SCORE IN
NEWBERRY-FORD CASE

SENATE COMMITTEE FAVORS
INVESTIGATION OF MICHIGAN
ELECTIONS.

[EXCLUSIVE DISPATCH.]

WASHINGTON, Jan. 29.—Democ-
ratic forces in the Senate scored
another success today in their effort
to prevent the seating of Truman H.
Newberry as Senator from Michigan.

The Committee on Contingent Ex-
penditures, by a party vote of 3 to
1, decided to make a favorable re-
port on the Pomerene resolution to
investigate the Henry Ford's charges
of gross extravagance against Mr.
Newberry.

The resolution will be reported
within a day or two and the Democ-
ratic will endeavor to force a vote
on the Pomerene resolution. The Democ-
ratic voted in unity on a test of
strength relative to the Newberry
contest several days ago and indica-
tions are that they will be able to
compel the adoption of the Pomerene
resolution.

Republicans who regard the meas-
ure as a Democratic attempt to re-
gain control of the Senate after
March 4 will resist the adoption of
the Pomerene resolution.

On behalf of Mr. Ford, Alfred
Lucking, attorney, today filed with
the Senate a brief reply to the
charges of gross extravagance made
against Mr. Ford by the Newberry
forces.

"Wholly false," was Mr. Lucking's
characterization of the Newberry
charges.

Following is the Lucking state-
ment to the Senate:

"My attention has been called to
a communication to your honorable
body, signed Truman H. Newberry,
by J. O. Murfin, his attorney, and
which is as follows: 'I have been
accused of excessive and unlawful expen-
ditures by or on behalf of Henry Ford
in the late Michigan Senatorial
election and of irregularities.'

"I beg to say, in an emphatic lan-
guage, that these charges and in-
sults are false and they only
furnish additional reasons why an
immediate investigation should be
ordered which Mr. Ford is still
accused of excessive and unlawful expen-
ditures by or on behalf of Henry Ford
in the late Michigan Senatorial
election and of irregularities."

"We received about three-fourths of the
Red Cross packages that were sent to
us and they were a godsend.

The Red Cross kept by the
Germans. You cannot imagine the
change in attitude on the part of
the Germans towards us as the tide
of the war changed. Even the atti-
tude of the military party changed
and which has been opposed by Mr.
Newberry and his representatives
from that time until this.

"No money or other thing of value
was expended by Mr. Ford either in
public or private. All the money that
was expended in his behalf in the
primary. The expenditures made in
the election were made by the

DEFICIENCY BILL CUT,
THEN PASSES HOUSE

LOPS OFF \$15,400,156,190; NOT
DISSENTING VOTE IN
FINAL PASSAGE.

[BY A. P. NIGHT WIRE]

WASHINGTON, Jan. 29.—Without
a dissenting vote the House to-
night passed the emergency Defen-
sive Bill with a rider repealing ap-
propriations of \$7,179,156,900 and au-
thorizations of \$22,029,290, made during the war for the Army
and Navy departments.

The House adopted an amend-
ment by Representative Dyer of
Missouri, Republican, prohibiting
expenditure of only part of the
deficiency appropriation of \$22,000
until all former government
employees in military service are
restored to their old positions in
the various departments.

Representative Sherley of Ken-
tucky, in charge of the measure, op-
posed the amendment on the
ground that it would hold up neces-
sary work, but a point of order
ruled by Representative Garner of
Texas, who was presiding, and the
decision was sustained by the House.

SMOKING INCREASED
IN OVERSEAS FORCE

[EXCLUSIVE DISPATCH.]

WASHINGTON, Jan. 29.—Tobacco
"seems to be established as a
necessity in the soldier's life, 95 per
cent of the members of the Ameri-
can Expeditionary Forces using it in
some form," the War Department
reports.

"It is a part of the regular daily
ration, but the quantity allowed is
not sufficient for the average tobacco-
eater user."

However, every soldier may buy
at the canteens cigars, cigarettes
and smoking tobacco in unlimited
quantities, and at prices consider-
ably lower than they are sold in
the United States.

Smoking has increased in our
army overseas since the signing of
the armistice. The average monthly
purchases by the substation division
of the War Department are 20,000,000
cigars for overseas shipment. About 2,000,000,000
cigarettes were sent to France prior to
the signing of the armistice. The
present rate of shipment is much in-
creased.

GERMANS' ATTITUDE CHANGED
BY DEFEAT IN WAR, FOR-
MER PRISONER SAYS.

[EXCLUSIVE DISPATCH.]

NEW YORK, Jan. 29.—Wounded in the Cambrai-St. Quentin fighting, taken prisoner by the Germans, carried for four days and nights in springless cattle trucks, and held a captive for eight months at Lan-
genheim, Germany.

That, in language, was the ex-
perience of First Lieutenant Dow of
Neoga, Ill., who is in one of the
many evacuation hospitals in New
York, having arrived here this week
from France.

Lieut. Dow is one of the many
American army officers who pro-
test against any readiness on the
part of the people of the United
States to forgive and forget the
acts of war.

"We do not keep the Jerries
where we have them now," said
Lieut. Dow, "all the men who have
had to serve in France will be
humiliated if we make them
suffer from wounds will have gone
through the hell of war for nothing."

"Of course, the Germans are try-
ing to be friendly to us now,
but we are not. They have
had their wives sent to play, but you should have seen their
attitude in March, when I was cap-
tured, and they were pushing the
Allies back on all parts of the
front."

"At that time their hatred of the
Americans was marked. It was
quite the common thing, when an
American was carried by a
German, to hear them say, 'This
is an American,' as 'woman of Amer-
ica.' Do you think for a minute
that Germany had won this war
she would have been willing to treat
them? Not much! She
would have humiliated us in every
way possible."

"It was a machine gun bullet
that I was hit. I was in advanced field work with
the British at the time, and the Germans were pushing back the
British troops with great speed.

At that time I was picked up and taken
to the Cambrai dressing station. When
other wounded men I was treated
in a flying cattle truck and
tucked in. There were many of
these trucks, and we were all treated
alike."

"We were bumped along over the
terrible roads in these springless
trucks on the front. We were all stretched
out on the floor. The men who had
been hit were taken out. No matter how
badly wounded a man was, he received
the same treatment as those
of us who had practically no other
than their own covering was one
honor for each man."

AFTER MASKS,
GAY SOCIETY.

Pasadena to Rejoice Over Doffing of Gauze.

Big Hotels will Stage Series of Entertainments.

Flu's Almost Banished, Says City Commissioner.

(LOCAL CORRESPONDENCE)

PASADENA, Jan. 29.—With the doffing of influenza masks tomorrow afternoon joy will go on the rampage in Pasadena. The whole city is preparing to enter upon a season of social gaiety such as never has been seen here before. The number of new cases of influenza is down to six for the day, and everybody has concluded that the second wave of the epidemic is at an end. All are in the mood to make up for lost time by plunging into a whirlwind of merry-doing.

The big hotels will be a center of activities in this direction. General Manager D. M. Linnard announced this evening that the Maryland, Huntington and Green would stage the most brilliant series of entertainments that Southern California has yet experienced. They start Friday night with a very smart ball at Hotel Green. Saturday night there will be a dinner-dance at Hotel Maryland.

Beginning next week there will be two dances a week at each of the three hotels, with concerts Sunday evening. Next Thursday night an elaborate ball and supper-dance will be given at Hotel Huntington with numerous big entertainment features. Tuesday night, February 10, comes the formal opening of the new West Seleine. The new ballroom hotel has been receiving guests for two weeks or more, and between now and February 10 will have its two dances weekly, but its biggest dance of the winter will be February 10. Details have not all been arranged, but there will be a dinner-dance, ball and supper-dance, with the best cabaret features the Pacific Coast affords. The moving-picture program will contribute to the entertainment for both the Huntington supper-dance and the Green formal opening.

COUNTRY CLUBS TOO. The country clubs also are jumping into the ring with a bang. Joyous gaiety and dancing and gaiety will be the order of the day. Those who have been impatient over the lack of social gaiety will be gratified by the sudden disappearance and their joy will be inexpressible as to a greater a degree as space for the lighter forms of pleasure will permit.

To further enliven the scene of golf tournaments, several teas and picnics will be given and arranged immediately for guests of the Linnard hotels. The splendid scenes at the Huntington will be the scene of some notable golf tournaments.

Public schools will reopen February 10, but except for their last life and activities of the city will be passing along in normal channels tomorrow.

HAMILTON'S STATEMENT.

A. L. Hamilton, chairman of the City Commission, today gave the following official statement:

"Since the beginning of the influenza epidemic conditions have not been so good in Pasadena as they were in January. Influenza, properly banished from the city and the wearing of masks will be discontinued immediately."

WOUNDED MAN HOME.

Sherman E. Basham of 1559 East 7th street, wounded in the big battle at Antwerp, made a safe return to America, and has now left the hospital. He is in the care of a machine gun bullet which splintered the bone.

BUILDING BURNS.

Fire early today destroyed the music hall and gymnasium of the Orton Classical School for Girls, 180 South Euclid avenue, entailing a loss estimated at \$10,000.

The wonderful Newcomb butterfly jeweler, trays, coasters and paintings can be had only at Grace Nichols' Famous Pasadena Shop. Exclusive jewelry novelties and the latest-priced chinaware, porcelain in gold and silver, oriental robes, jades, seed pearls and black spangles. (Advertisement).

WOMAN ASKS \$25,000.

SANTA ANA, Jan. 29.—For alleged damages sustained July 4, 1918, when she was struck by defendant's automobile, Mrs. Lillian Helms and her husband, Glenn Helms of Newport Beach, are asking \$25,000 judgment against the Buergers' machine was being driven fast and traveling twenty-five miles an hour. Mrs. Helms claims she was unconscious for three weeks after her right side was left in a paralytic condition from a ruptured blood vessel in the brain.

Occurs After Distribution of Anarchistic Circular at Porterville.

(LOCAL CORRESPONDENCE)

PORTERVILLE, Jan. 29.—Within a few days after the circulation in the business district here of an anarchistic pamphlet calling for "direct action" on the part of the so-called laboring classes, an incendiary set fire to a pile of \$600 picking boxes on the orange grove property of S. G. Tillis near here.

Local and county officers are seeking a connection between the fire and recent efforts of organizers to extend the membership in a well-known revolutionary society.

After Financial Reverses Epidemic Adds Grief to Ventura Family.

(LOCAL CORRESPONDENCE)

OJAI, Jan. 29.—The A. J. Parker family has had more than its share of bad luck. A year ago, Parker, an optician, came here from Oregon in answer to an advertisement appearing in a local paper. The ad was inserted by an optician at Ojai who has since been committed to an insane asylum. Parker had a large family and spent most of his money getting here. He worked for a month or two for the Ojai man with whom he came, and then obliged to quit to earn a living.

He was more fortunate in connections he made at Castaic, running an apothecary there, but influenza swept through the family of late. Parker and his oldest son, Vaughn, are both dead of the disease. All the other members of the family, except one daughter, are ill at the present time and the young ones not expected to live.

ACCEPTS DONATION.

Escondido Chamber of Commerce Remembered by South Pasadena.

(LOCAL CORRESPONDENCE)

ESCONDIDO, Jan. 29.—The membership drive of the Escondido Chamber of Commerce about to be launched, was given a big boost to-day by the arrival of Capt. George V. Kirkwood, a banker of South Pasadena, who had agreed to provide the funds for the erection of a Chamber of Commerce building in the business center of the city, as soon as the city had secured the site and the cash for equipment. Kirkwood's offer was quickly accepted.

The site will be selected within a few days. The building will be of two stories, will have a basement, will be used for a general office, to exhibit rooms, an assembly hall, quarters for the directors and the secretary, etc. The enterprise represents an expenditure of about \$3000. Kirkwood is the owner of a 1906-07 ranch located about three miles north of Escondido.

LEAVES FOR ALASKA
TO RECOVER CLAIM.

(LOCAL CORRESPONDENCE)

RIVERSIDE, Jan. 29.—Having been honorably discharged from the service, Private James B. McCullough has left March Field post-haste for the Alaskan Peninsula, where some unscrupulous persons have unscrupulously taken to jump a claim staked by McCullough and two brothers who are now with the American forces in France.

Went that Kirkwood has settled the dispute on the gold prospect was received by McCullough two weeks ago. The matter was laid before the March Field officers, who, after investigation, arranged for an immediate discharge. The banker is now headed for Seattle, where he will take the first boat for Alaska.

ORANGE CITIES RICHER.

(LOCAL CORRESPONDENCE)

SANTA ANA, Jan. 29.—Santa Ana and Orange have led over \$10,000 in new franchise taxes, delinquent six years in Santa Ana and seven years in Orange. Santa Ana's check is for \$5373.88 and Orange's is for \$2202.80. It was only a few weeks ago that the cities discovered the fact that they had not been paid and had fed the gas company the over night.

SHIP TONS OF PAPER.

(LOCAL CORRESPONDENCE)

POMONA, Jan. 29.—J. G. Curran, superintendent of the salvage department of the Pomona Red Cross chapter, today sent seven tons of old paper to the Red Cross.

Through the activity of Mr. Curran, all of this old paper had been contributed in a short space of time.

The salvage department has also salvaged a large quantity of old tires.

WILL BE TRIED FOR
STOLEN JOY RIDE.

All the joy was taken out of a ride in another man's automobile yesterday when Justice Palmer held to answer Harry R. Boosinger and Joseph L. Kolley. Testimony showed that the young men took the A. D. G. on a joy ride in the California Theater, while the latter was entertaining the audience.

They searched for two girls to join them, but before the girls were found, the men were on the way to the City Jail.

WEST SELENE LAUNCHING.

Christened the West Selene by Mrs. Thomas A. Allan, wife of the owner, the new ship was successfully launched this morning from the plant of the Los Angeles Shipbuilding and Dry Dock Company.

The ship was built for Fred L. Baker and a party of friends, who were his guests at a luncheon following the launching. Due to a faulty trigger, the ways parted for a large ship demanded by operators, and the new plans will call for more work from California yards.

It is generally believed that the suspension of contracts was requested in view of the fact that the new plans were not yet completed.

SEPARATED, BUT STILL FRIENDS?

Alienation of Affection's Case Takes New Turn.

Try to Show Plaintiff Didn't Break with Husband.

Liquor also Plays Stellar Part in Woman's Suit.

Mrs. Mary Griffith's \$10,000 alienation-of-affection suit against Mrs. Georgiana Gardner took a sensational turn yesterday in Judge McCormick's court when Attorney Joseph Ford began to question Mrs. Griffith regarding various occasions she had been in the company of her husband, William D. Griffith, since the suit was filed.

Another element in the case is the presence of Milton Carlson, handwriting expert, who will pass on a note said to have been written by Mrs. Griffith to her husband to call at the office for keys. The intent is to show they were friendly. Because Mrs. Griffith was not present in court yesterday, a bench warrant was issued for him.

Mrs. Gardner also was not in court. Her attorneys explained that her condition is such, after Mr. Griffith's letter, to have given her license that she was with relatives in Riverside to recuperate. She is expected in court today.

The defense does not deny that Mrs. Gardner and Mr. Griffith, though he deposes he passed as a single man, representing himself as a government inspector. As such he took Mrs. Gardner to a Venice cafe and gave her liquor. It is said it was the first time he had done this. Mr. Griffith called on her also at a local hotel.

Dr. W. W. Gardner, husband of the defendant, was in court yesterday, strongly supporting his wife's good name.

Mrs. Griffith testified yesterday that she lived happily with her husband until Mrs. Gardner swept into his horizon. She denied she had been unhappy. She denied she had been with Mr. Griffith since their separation.

Mrs. Gardner is represented by Attorney Elliott.

RUFUS V. BOWDEN IS DEAD IN NEW YORK.

FORMER CIVIL SERVICE COMMISSIONER HERE DIES AFTER BRIEF ILLNESS.

Rufus V. Bowden, special counsel of the internal revenue department of the United States Treasury, formerly a civil service commissioner of Los Angeles, and well known for his professional work in California and the South, died in New York City yesterday, after a brief illness, according to word received by the family here. The burial will be taken to El Paso for burial in the family plot.

Mr. Bowden, who was born in the South, and was in his forty-eighth year, spent many years in the practice of his profession in Texas. He came to Los Angeles about five years ago, and at once became a prominent figure in the legal bar. He was a member of the Los Angeles Civil Service Commission when he received the call to Washington to become a special counsel for the Treasury Department, about a year ago. He had been in New York for several months giving his attention to special government work.

Besides the widow, he leaves two children, Lieut. Adeline Bowden now in France, and Miss Adeline Bowden, who is attending a school to take in record to the children.

WON'T TEST ORDINANCE.

Union League Club to Fight Liquor Law Charge on Merits.

Acting for the Union League Club, attorney Warren Williams yesterday entered a plea of not guilty to the charge of violation of the liquor ordinance, when the case was called before Police Judge Richardson yesterday.

On the ground that Judge Richardson had been a member of the club and on several occasions was entertained there, the substitution of another judge, from another county if possible, was "sick" defense. The case was set for February 27, at which time the court will hear the outside defense probably will be settled.

According to Mr. Williams, the case is to be tried on its merits and there will be no attempt to test the constitutionality of the ordinance.

FATHER ACCUSED BY HIS DAUGHTER.

A serious charge was brought to the attention of Sergt. Leo Marden of the juvenile bureau last night when Officers Mack and Berger arrested Hiram Boyd Burbank of 439 South Hope street on charges involving his daughter Eula, 13 years of age. The officers say they will ask the District Attorney's office for a complaint on the charge of rape.

CAPT. MCINTYRE DIES.

Prominent Attorney, Pioneer of Riverside County, is Taken.

Word was received in Los Angeles last night of the death in Riverside of Capt. W. J. McIntyre, 75 years of age, after a protracted illness. He was a pioneer lawyer of Riverside and served several terms as County Attorney. He leaves his widow and two daughters, Mrs. Edward McIntyre of Mare Island yard, and two daughters, Mrs. Marguerite Thompson of Los Angeles and Mrs. Della Morrison of Riverside.

Headache

Thousands of women suffer miserably from periodic attacks of headache, never dreaming that a permanent cure may be had. Headache nearly always results from some disorder of the stomach, liver or bowels. Take Chamberlain's Tablets. They will correct these disorders and there will be no more headache. Where Can I Find Relief From Itching, Tarrying Eczema?

This Question is Ever on the Lips of the Afflicted.

Eczema, Tetter, Erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and waxes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how tarrying the irritation, no

POSSE TRAILING INSANE SLAYER.

Alleged Murderer, Believed Maniac, Breaks Jail.

Slew Man in Fight Over Cat at Anaheim, Police Say.

Heavily Armed Officers Hunt Pajama-Clad Fugitive.

Supposed to be a murderer and a maniac William Oliver was sought in Los Angeles and other California cities last night after he escaped from the Orange County Hospital at Santa Ana by battering a hole in the wall of his room with the side of his bed. Oliver is alleged to have slain "Mexican Joe" Morales at Anaheim Landing on the night of November 6, following a quarrel over his pet cat.

After the shooting Oliver fled to Elsinore, but recently returned to Santa Ana, where he was arrested. While in jail he showed signs of insanity and a few days ago was removed to the Orange County Hospital for observation. He pretended to believe Mexicans were waiting outside the jail to kill him. Santa Ana officers think he was shamming, but might get an opportunity to escape.

When he fled from the hospital Oliver was clad only in black and white striped pajamas and a pair of socks. His tracks led toward Orange and officers followed "to make for Los Angeles or try to traverse the Santa Ana Canyon, and much search was made for Corona. He worked as a wood-chopper at Elsinore and has some clothes there to which he can change and get rid of his startling appearance.

Several heavily-armed officers searched along the Santa Ana River yesterday for Oliver, expecting a fight. On the should find him as he is an attractive and dangerous man.

Under-sheriff J. H. Inman and Motor Officer Roy Ballard of Santa Ana went to Corona, expecting to meet back the tracks the Santa Ana Canyon last night, while Sheriff C. W. Jackson and Officer O. K. Carr directed the search in the vicinity of Santa Ana.

Oliver is 46 years of age, 5 feet 7 inches in height and weighs 185 pounds. He has gray eyes, brown and gray hair. He has a high complexioned and has a three-weeks' growth of hair. He has a dark scar on the left cheek and is heavily tattooed on both arms. He is powerfully built and is expected to put up strong resistance when officers overtake him.

At the Bryon Pattison residence, members of the household stated that Lieut. Northcutt had been in the house only a few days. He served about eighteen months with the American Expeditionary Forces. The Northcutts are from Superior, Wis., where the wife was born of the husband to the \$8,000,000 estate of her father.

Previously to joining the army Lieut. Northcutt was manager of his late father's law office.

Shortly after his husband went to war, Mrs. Northcutt came West and took a modest cottage at Riverside, where she has since resided with the son about 7 years old who was not taken when the other two disappeared.

Mrs. Northcutt declined last night to say just what action she expects to take in regard to the children.

Judge Jackson Dismisses County Demurser to His Suit.

The fight of Walter Lewis of Pomona to regain the office of County Auditor reached another stage yesterday when Judge Jackson dismissed the demurser of the county to Mr. Lewis's cross-complaint. This means the case will proceed.

By means of injunction proceedings Mr. Lewis was ousted from office last year, and A. C. Cox appointed in his place, and Mr. Cox appeared in the proceedings to restrain Mr. Lewis from interfering with Mr. Cox in the performance of his duties.

The time allowed by law, but Judge Jackson granted a motion to set aside the default. The county appealed and the Appellate Court reversed Judge Jackson. The case was taken to the supreme court, which reversed the appeal court. The next

time Mr. Lewis' attempt to get back his office was to file a cross-complaint against the county, asking that it be given to him.

The county filed a demurser, and this has now been dismissed.

Good to Whole Southland is Pointed Out.

A deficit of approximately \$75,000 is the burden which the unfortunate are experiencing, delays in opening the California Liberty Fair has been upon the board of directors. These men who gave freely of their time and money in the creation of a fair that is a benefit to the community, will be compelled to make a debt, unless the State of California, through its Legislature, makes the necessary appropriation to relieve them. In the face of this financial emergency, it is the Legislature to be urged by the business interests of Los Angeles. A bill has been introduced by Assemblyman A. P. Fleming for an appropriation of \$100,000 for the operation of the Legislature. February 15, it is expected that a joint committee from the House and Senate will confer upon this bill. Yesterday a number of the principal people of this city who are interested in the Liberty Fair to ask their representatives in the Legislature to give their full support to the measure.

The action is considered vitally important in the future of the California Liberty Fair. It is hoped to make this an annual institution, giving to the citizens of California, really a fair that will equal one held annually at Sacramento, but which is attended only by a few from this part of the State because of the distance and the expense.

ADVANTAGES OF FAIR.

The advantages of an exhibition as that held at Exposition Park fall are considered as great. Every line of industry and agriculture is benefited, either directly or indirectly.

It is a fact that the exhibition has given fresh impetus to the entire fair through the extra action of the heavy deficit with relief. The directors have borrowed from the First National Bank of Los Angeles \$75,000, with which they will be able to meet the bills, arrears and expenses of the fair and, receiving amounts of the bills to the board, the directors have signed the note on which this money is borrowed.

The Sacramento comes the word

and the bill introduced by Assemblyman Fleming has received interest from legislators in even the districts. Among these is Assemblyman Harry Poldley of Redding, who says:

LOS ANGELES IN NEW ROLE. NEW YORK STOCK MARKET.

BY CHAPIN HALL.

Los Angeles is not only becoming a stock-producing center of growing and already important dimensions, but the daily kill is attaining to proportions which is bringing this city well towards the top of the list. The stock-raising and packing industry here is frequently overlooked by statisticians in compiling the assets of the municipality, probably because the business has grown so quietly and without any blaze of trumpet that its importance is scarcely understood. Yet it is having a marked effect upon the local market, where meat is selling cheaper than in any other large city in the United States.

In this district the raisers, and packers and buyers and all the rest of those involved in the many enterprises upon which the meat and adjacent consumption. Few great ships are provisioned here; little export beef is loaded except in the place of a regular producing and distributing center that seems likely to crowd most of its big rivals.

In San Francisco there is a very large trade of this character while the entire bay country and coastwise to the north and as far west as Sacramento and Fresno depend upon the Gate City for their supply, and yet San Francisco's totals are only slightly in excess of those of Los Angeles.

The best basis for comparison is found in Portland. Although the city is smaller it supplies a greater area than San Francisco, an area which includes Idaho, practically all of Oregon, and even extends into British Columbia. For instance, on entering January 1, Portland killed 56,125 cattle. Los Angeles, 75,222. Calves, Portland, 3786; Los Angeles, 18,048. Hogs,

The Federal Reserve Bank yesterday announced another issue of short-term treasury certificates, bearing 4% per cent. interest. The issue is for \$100,000,000, maturing January 30, and the maturity date is January 30. Subscription books close February 6. These certificates may be issued on first installment basis, or payment in full, of the First Liberty Loan, or they may be collected at maturity. Dr. John W. Baer, controller of the Federal Reserve Bank, is asking bids for a 100 per cent. subscription, as this district is far below its quota and the government need for money is not to be more than 100 per cent. at the time. Los Angeles county banks will accept individual subscriptions for these certificates, which afford an excellent short-term investment which may come in handy in meeting tax payments a little later.

The cotton market is providing food for thought as well as topic for debate among those who have any dealing therein. Local brokers admit that they are unable to diagnose the present situation. Whether the reduction of trans-Atlantic freight rates cotton went up. Theoretically this was a logical thing to do, and there was reason to believe that the market had to pass. Yet right on top of last there was a decline, and at the close yesterday much uncertainty was manifested. The cotton market is the same market as in the much the same condition although the commodities have little in common. It was expressed by one dealer who had been in every market in the world Sunday. Mills are marking time, ready and anxious to resume, but the change from the loom and the growth remains unbroken. However, the market is very volatile. There is a more optimistic feeling in the air, and an opening and widening market may soon be reported. Europe is even slower in getting back on a peace-production basis than we are in this country, but under the stimulus of the new rates, and piling up orders the cotton problem will unravel itself before many moons.

The new telephone rates are not popular. Business men don't like the new application is causing a good deal of friction and some extra-language. The rates appear to have been made in the same arbitrary, high-handed manner as the airmail rates, charged with exercising in its control of public utilities. They take a square peg and by sheer force of machinery force it into a round hole, with consequences. Ten States have formally protested the new rates and others are preparing to do so. Under them the settled, settled areas of Arizona, and plateau on the same footing as the thickly settled, metropolitan districts. "It is so far from there to the government," says the chairman of the rate-making committee. It is much the same principle as fixing a universal price for an oyster stew, and requiring bivalve lovers of Nevada pay as much as the egg-eating of California. The more one sees of government control the better one likes private ownership, competition and service.

Pierce-Arrow prices will stand

TO eliminate misunderstanding, The Pierce-Arrow Motor Car Company herewith announces its policy with respect to passenger car and motor truck prices.

The prospective buyer who defers his purchase of a Pierce-Arrow car in the expectation of lower prices is denying himself the use of this vehicle without any ultimate benefit. The business man delaying the purchase of a Pierce-Arrow truck in the hope of a better price is meantime losing all the earning or economies of the vehicle without eventual compensating advantage to himself.

Present Pierce-Arrow prices are based on material and labor costs plus a moderate profit. There can be no change in price till these factors are reduced.

Material for cars and trucks must be ordered months in advance of delivery dates. These material prices have not been reduced. Nor has there been any lessening of wages. These, fixed by the cost of living, remain on a wartime basis.

Therefore, we are prepared to announce that until material now in production or on order has been manufactured and sold, present prices on cars and trucks will stand.

Our expectation is that we will have disposed of such product by October 1st, 1919, and we will maintain our prices until that time. The subsequent course to be followed will be dictated by conditions obtaining then, and will be announced at that time.

Quality must be maintained, which makes present prices inevitable until there is a reduction of the fundamentals on which they are based.

The World's Greatest Inventor—TESLA

—With the giant intellect—he, the amazing inventor—greatest of all the ages—he, the ethical idealist, the seer after and the discoverer of truth—the man of lofty ideals and simple life—Nikola Tesla himself has chosen the Electrical Experimenter, in which to tell his own wonderful story in his own delightful, intimate way. The opening chapters (profoundly illustrated) are given in the "first cent. plus" February number of the Electrical Experimenter. Nor is this all! In this same startlingly great February issue there appears also the first of an exceedingly important series of articles that will clear away some cobwebs, correct many popular misconceptions of science, establish new truths and make known much that was unknown, all written in the inventor-author's imminently simple, understandable style.

Three Revolutionary Discoveries

By Nikola Tesla

In this astounding article Tesla announces and PROVES that: The moon does not rotate on its axis; the present lightning rod is a fallacy; Wireless waves do not pass over the earth but THRU it.

Make the sick-room as safe as a hospital

You know that the safest haven from disease is a hospital, right where you would be surrounded by it.

You know that grippe, pneumonia, tuberculosis, typhoid and many other diseases will attack one member of a household after another.

Contagion does not run riot within a hospital because most hospitals prevent the spread of disease with

Lysol
Disinfectant

Do likewise. When there is sickness in your home keep Lysol solution *always* in the bed pan. Boil all eating utensils used by the patient in Lysol solution of proper strength. Wipe daily all woodwork in the sick-room—floor, window frames, doors, etc., with water to which Lysol has been added.

In the case of highly infectious disease, boil thoroughly all clothing worn by the patient and all bed-clothing in water containing Lysol.

You will then go a long way in protecting the rest of the family from contagion.

Never forget that there is but one, true Lysol; the product made, bottled, signed and sealed by Linn & Fink.

NAME "DINNER GANG" HEAD

Police detectives last night began a search of all cheap rooming-houses in the city in an effort to locate and capture Franklin Everett, known as "Red," bandit, burglar and porch climber, an escape from the Alameda County Jail, at Oakland, and now wanted as a suspect in the Bruno hold-up and jewel robbery of Tuesday night. He is also wanted as the possible chief of the gang that has been systematically raiding fashion-able homes for many nights.

Through a partial identification made early last night by Mrs. Lillian Brunswig and her maid, Miss Adeline Bernard, of a photograph taken from the police records, detectives declared they are certain that Red Everett is the man who, using an umbrella to conceal his features and armed with a revolver, entered the home at 3258 West Adams street and robbed the two women of several thousand dollars worth of jewelry.

Everett could be learned yesterday by Detectives Roberts and Beaumont, and delivered to the County Jail, Oakland. He escaped from there last Sunday after almost breaking the jail with a bar of soap tied in the end of a towel. Detectives Roberts and Beaumont declared that Everett is the man who secured the two women he describes as the two women he declared that he intended to hurt no one, but that his victims must not cry out for help.

Mrs. Brunswig stated last night that the man who secured her jewelry must have been a professional burglar. At the time he was in the house he seemed very much at ease and never became nervous. Several times while securing the jewelry from the two women he declared that he intended to hurt no one, but that his victims must not cry out for help.

The description of the bandit given by Mrs. Brunswig is about fifty feet five and one-half inches, 23 years old, smooth shaven, 140 pounds, blue eyes and brown hair—the same as on file at Central Police Station for Everett.
